

# Communities for Safer Vaping

Research - Educate - Protect

Communities for Safer Vaping (CSV) is a chapter of the Neighborhood Market Association, a non-profit organization, representing family-owned businesses.

## Our Mission

is to research, educate, and advocate for our members to protect the communities that we serve.

## Our Vision

is to save lives through the acceleration of the transition of the world from traditional tobacco to harm reduction alternatives.

## Our Commitment to Our Community

### Youth Prevention

CSV members and their staff are committed to diligently check IDs, refuse sales to minors, and identify straw buyers.

### Standard for Better Business Practices

CSV members are committed to adhere to the Standard of Business Practices to ensure the safest products for the consumer obtained from licensed manufacturers and suppliers.

CSV members are committed to educate their staff and consumers on how to use the products in the safest manner possible.

### Consumer Safety and Education

CSV is committed to tracking and reporting up to date health trends in the Vape Industry to the public.

### Data and Science
